

MK-E1005 SERIES

Pallet Scale

Pallet scale MK-E1005 gives you the tools to improve profitability and efficiency in many weight-based processes across the logistics, mining, waste, metals and engineering industries.

- Elegant Design
- Accurate results – every time
- MK-E1005 addresses most weighing needs
- Unbeatable value for money
- Fast and simple to use
- Range of built-in functions

Wall mount use

Anywhere use

HI/lb

MK-E1005 Pallet Scale

FEATURES

- Improve profitability: Pallet scale MK-E1005 gives you the tools to improve profitability and efficiency in many weight-based processes across the logistics, mining, waste, metals and engineering industries.
- Accurate results – every time: Results are un mistake able in any conditions. The red LED display also guarantees simpler, more accurate check weighing.
- MK-E1005 addresses most weighing needs. The serial port allows connectivity to PCs, printers, external display and other serial devices.
- Unbeatable value for money: Economical to own and operate, it provides features and functionality beyond what you'd expect of an entry-level indicator.
- Wall mount bracket indicator can also use as wall display.
- Fast and simple to use: Pallet scale MK-E1005 offers maximum ease of use
- Configurable trips: Three configurable weight-based trips give you the flexibility to carry out many basic process control routines.
- Range of built-in functions: You can use the indicator to manage a wide range of tasks including piece weighing, check weighing, counting, totalising and peak hold measurement, also for HI ok Low function.
- Less downtime – lower costs: Pallet scale MK-E1005 allows rapid installation and configuration, customize weighing unit, easy for conversion the weighing unit.
- High Resolution Load Cell with overload protection
- Low battery indication for remind the operator to charge the battery when needed
- Rechargeable battery in this indicator is useful for use anywhere and anytime without need to replace the battery all the time.
- Optional: > Isolated 4-20mA Analog Current Output
 - > 2/4 set point
 - > Clock function
 - > RS-232 Modbus data output
 - > External Printer
 - > RS-485
 - > USB interface for save the weighing data

DIMENSIONS

Various Option

Bracket & Ear

SPECIFICATIONS

Model Name		Pallet Scale T18	
Size	W (mm)	705	705
	L (mm)	1200	1200
Capacity (kg)		1,000	2,000
Readability (kg)		0,5	1
Overload protection (kg)		1,500	2,500
Power supply		Rechargeable battery + adaptor	
Operating time		100 hours (continuous usage)	
Battery charging time		12 Hours	
Operating temp.		-10°C ~ 40°C
