

INDUSTRIAL WEIGHING SOLUTION™

High-visibility LED display

2 Storage boxes

Polyurethane wheels

# CPS<sup>PLUS</sup> SERIES/CI-200A

## Cost effective solution to weigh on the go!

CPS Pallet Scale raises efficiency for your work, simplifies logistic processes, and saves time and space. It is the ideal solution for fast and precise mobile weighing in industrial and warehousing applications.

| Operating Temp.         |       | -10 C~ 40 C                         |      |      |                                |      |      |
| Option                  |       | Thermal Printer                     |      |      |                                |      |      |

## Features

- Hydraulic lift and low
- Auto power off function
- LED lamp for battery status
- 2 Storage boxes
- High-visibility LED display
- 10 numeric keys & 5 function keys (full rubber type)
- Built in thermal printer (options)
- Durable polyurethane wheels
- Solid and optimum design for logistics

## Options

- Thermal Printer

## Application

- Materials handling
- Warehousing
- Industrial applications

CAS BLDG., # 440-1, SUNGNAE DONG,

Specifications are subject to change for improvement without prior notice.

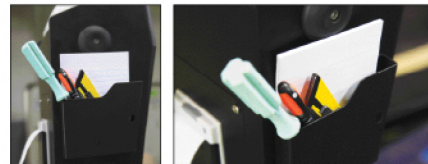

## High-Visibility LED display

You can easily see the weight value in any distance via clear LED display.

## 2 Storage boxes

It is easy and convenient to store documents and tools etc for your work with 2 storage boxes.

## Solid and optimum design for logistics

The solid design of CPS<sup>PLUS</sup> increases the reliability and accuracy when weighing. In addition, because CPS<sup>PLUS</sup> allows you to weigh while you transport goods, it can decrease work time and expenses.
